

Waltuh drives to UofSC campus to teach his chemistry class, running late by 15 minutes

Waltuh notices that staff parking is closed off making him a plebian student looking for parking, and he dives into the first spot he sees

The ops get to waltuhs car and notice he did not pay the passport app and give him a phat \$30 ticket

Waltuh gets to his car after class and is furious, being a teacher he believes he should not have to pay for a parking pass or pay the ticket. He calls parking services to no avail.

Waltuhs students inform him of the great app, Cock Park, an app that shows the distance to location to park, the cost and the capacity. Waltuh downloads it and hits his drop spot(parking).

Waltuh is gleeful finessing the system, knowing he can park in a spot that he chooses for a smaller fee than his annual parking pass. He is truthfully complete knowing this powerful knowledge
